Centenary of the Gloucestershire Old Spots

9 Feb - 28 Sep 2013
Folk Museum
Touring Exhibition Gallery

In their centenary year the Folk Museum is proud to be celebrating one of the best loved and instantly recognisable pig breeds in the country, with the help of the Gloucestershire Old Spot Breed Society.

There will be lots of themed activities, events and talks at the Folk Museum throughout the exhibition.

Pieces from the exhibition will be appearing at the Three Counties Show for a few weeks during the summer, during this time the exhibition will still be open to the public and will appear pieces from the Folk Museum's own collection.
